THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR
JAMES H. MOORE, Assistant and Local Editor.

SATURDAY, OCTOBER 1, 1870

READ THIS CAREFULLY.

We have commenced making out, and will forward next week, all accounts for money due us on the Daily, Semi-Weekly and Weekly SENTINEL, to those who are in arrears. We call the special attention of all such, to this matter, as it is necessary for us to collect up closely in order to raise money to meet pressing demands upon us for refurnishing our office and for other purposes. We rely upon our friends for a speedy response and a remittance of the sums due.

We are forwarding accounts also, for advertising in the SENTINEL. And hope that all to whom they are sent will let us hear from them as early as practicable.

We are not in the habit of making these calls, but necessity now requires it, and as we have been quite indulgent, we hope the present call will be promptly answered.

MISREPRESENTATION.

The *Standard* copies a portion of an editorial which appeared in the SENTINEL a few days ago, in regard to the State Constitution, in which we spoke of the public charities, and then proceeds, in the very face of the letter of the article quoted, to falsify and misrepresent it in the most shameless manner.

Says the *Standard*, "The Democratic party professes great love for the people, but the instant the party succeeds to power, it is proposed to amend the Constitution so as to make the Insane Asylum, and the Institution for the Deaf, the Dumb, and the Blind, inaccessible to all who may *not be able to pay* for their unfortunate relatives who should have the benefit of these institutions."

The "invisible editor" who penned this sentence, whether he be Cape Cod Ashley or Governor Holden, knew, (not to put too fine a point on it,) that he was penning a deliberate, wilful *lie*. Some people might use a milder term to express it, but the one we have employed is most significant and appropriate, and there is little probability of its being misunderstood. What we said about the Asylums was this: "Charity means providing for the needy and those who cannot take care of themselves, until they are able to do it." The Radical constitution makes charity no mean, to take care of every insane and deaf and dumb and blind person in the State, at the expense of the people, whether they have means or not.—We know of inmates of the Insane Asylum now, who have estates of thousands and tens of thousands of dollars, and yet they are kept there at the expense of the State, even contrary to the feelings and wishes of their friends, because the Radical Constitution has made it so. Is there any *charity* in that?

Our complaint was not that the charities of the State were bestowed upon the unfortunate and needy, but upon those who really do not need it, and whose friends do not desire it. Nor did we object to provision being made for the education of all the *children* of the State, so far as to prepare them for the ordinary business of life, but we object to the scope of this charity as laid down in the Constitution—from six to twenty-one years. It lays too heavy a burden of taxation on the people, especially when the management of the machinery is in the hands of such a Superintendent as he from Buzzard's Bay, who has been manipulating the funds, *so successfully*, for the last two years!

From the tenor of the comments of the *Standard*, the intimation is plain that the writer would have the State assume the burden of *charitably bestowing* a Collegiate education on "every man, woman and child" in the State. To such an enterprise we are decidedly opposed. Nor does this opposition place us or the party with which we act, in hostility to the education of the children of the State, especially of those who are unable to educate themselves.

The writer of the article alluded to, in the *Standard*, whom we take to be the invisible pilgrim from Cape Cod, seems imbued with the most Utopian notions, as his pictorial report to the last Legislature clearly indicates. He seems to see only one side of the question, he is enraptured by the contemplation of a magnificent and costly system of public education for every body, of all ages, with himself at the head of it, but seems to know or care very little about the means of raising the money to keep it in operation. His ideas are very grand, but his common sense and financial acumen are sadly at fault.

But it was not our object in the start to give a lengthy notice to the false and shameless perversions of our article by this invisible writer in the *Standard*, but only to say, what every one who has read the article in the SENTINEL, well knows, namely, that we have never opposed, nor intimated an opposition, to the public care of the insane, the deaf and, dumb, and blind, who need the public care, nor to a judicious and efficient system of public education for the children of the State.

We see that the old blinker, parson Welker, of the Greensboro *Republican*, has followed in the wake of his brother parson from Buzzard's Bay in noticing the article alluded to. We are not surprised at the stealings, and plunderings of Littlefield and the "Ring," and the petty pilferings of the Radical party generally in this State, when we see the "divine guides" indulging in such open and unblushing falsehoods as these two—Ashley and Welker—have done. If it will be any consolation to Welker, we will inform him that Rev. Mr. Pell didn't write this notice of his and Ashley's lying attack on our article of last week.

We found out yesterday *one* of the new editors of the *Standard*—guess who he is.

Wake Superior Court opens its Fall term in this city on Monday next.

"THE WEALTH OF THE SOUTH."

The Northern people have fabulous ideas of the wealth of the South, arising chiefly from the culture of cotton. They admit that Southern productions frequently constitute two thirds or three fourths of the exports of the Union, that cotton is the chief regulator of the commerce of nations, that by it foreign exchanges are more easily effected and regulated than by any other article, and that it contributes largely to sustain the credit of the nation; and yet all the legislation of the country, which is under Northern and Radical control, is made with a special design to degrade the South, to hamper its commerce, to tax its labor and to filch from the Southern planter all his earnings.

A Northern contemporary favorable to Southern prosperity, speaking of "the wealth of the South," says:

From the statement of the Southern cotton crop for 1869 '70, recently published in our columns, something like a just idea of the rich resources of that great section of the country may be formed. Three hundred and twenty-five millions of dollars brought into an agricultural community by a single crop is an astounding exhibit; yet it is by that very amount that the South is the richer for its past year's product of a single staple. Three-fourths of it goes abroad, to turn the great wheels of foreign commerce, and in turn to set in motion the natural currents of our internal trade and industry. The country mainly effects its exchanges with foreign countries by means of cotton bills, and these the South supplies. The export of two and a quarter millions of bales gives employment to a large fleet of ocean vessels, which favorable legislation would make in the main our own. All this wealth flows back into the lap of the South, but it enriches factors, merchants, steam lines, railroads and a large number of other beneficiaries on its way, and afterwards forms the basis of an active and immense trade with the other sections of the country—the importers and manufacturers of the East and the agriculturists of the West. All are interlocked with the good fortune of that favored section, so that when it makes a good cotton crop the rest reap the advantage equally.

The foregoing ought to be true, as to the equal advantages to be derived from Southern cropping, among the States, and might be made true, if the South were true to herself. But the political power of the North and the blindness of the Southern people, makes all this wealth enure to the benefit of the Northern States. So long as Southern cotton and tobacco are made out of Northwestern corn, wheat and bacon, and Northern hay, and the articles of Southern consumption are heavily taxed for the benefit of Northern factories and Northern commerce, thus taxing and hampering Southern labor, the North and East will monopolise this wealth, leaving the South poorer.

Professions of friendship to the South and encomiums upon Southern wealth are rapid and hyp critical, so long as Northern policy and Radical rule oppresses us. The same cotemporary gives an inkling of what Radical rule is doing for the South. It says truly:

And this is the very section of the country, so peaceful in its pursuits as to be able to raise such crops of ready money, as these within Radicalism insanely seeks to hold under the tyranny of secret and irresponsible governments, inspired and sustained from Washington, and bent on disfranchising, punishing and degrading its population in hopes of advancing the basest party ends. A government worse than an imperialism is set up in Texas, which produces for the year over a quarter of a million bales of cotton, besides other crops.—President Grant sends United States troops from Fortress Monroe into North Carolina, to back up the incendiarism of Holden for political purposes. Louisiana produces nearly a quarter-a-billion of bales, and Mr. Durant, a Radical high priest, is obliged to admit that it was never more corruptly and wickedly ruled, the government being of the pure carpet bag stripe. A negro is forced into the office of Secretary of State in Alabama, while the peaceful people are raising over three hundred thousand bales of cotton. Georgia yields almost half a million bales, but is kept out of rightful representation in Congress by the Radicalism that is boasting of its work of reconstruction. More than three million bales of cotton raised in one year, in a section which a shameless party press and party demagogues are representing as unsafe for the residence of a population inclined to peaceful industry! A section that is ravaged day and night by lawless whites, adding three hundred and twenty-five millions to its wealth in a single season! How much longer will the people of the North be deceived by these false cries of Radicalism, and a section of the country be cut off from a fellowship which every political, commercial, industrial and social interest requires to be instantly reinstated! To what further limit will the people permit this tyranny of Congress to be pushed, toward a section on whose prosperity and peace depends the entire circuit of agricultural, manufacturing and commercial occupations of the country?

THE UNIVERSITY.

This time honored institution calls up in the memories of the past, many of the most sweet, tender and pleasant reminiscences.—Her *alumni* are to be found in every county of the State, largely in every Southern State, and less seldom in every State of the Union. They are among the most intelligent and valuable citizens of the Union, all of whom feel a special interest in their *Alma Mater*.

Carpet bag and scalawag rule have prostrated the University. Under its present management it never can recover the confidence and support of the people of North Carolina. Its present history is such a one as shames and disgusts our people.

The approaching General Assembly must take the bull by the horns and do what it can, to restore it to public confidence and patronage. But the provisions of the Constitution are seriously embarrassing in reference to the University, and it cannot do what is necessary to be done for it, without a change in the Constitution. To make the University a constituent element of our system of Public Education, as the Constitution now makes it, and a general *charity school*, is simply Utopian, and is not only unreasonable and chimerical but dishonest, while the State is trammelled with a debt which it cannot pay, nor the interest accumulating. Such visionary schemes originated in the thieving, corrupt brains of carpet baggers, who had no property to bind them to the State, and whose only care was to rob our distressed and ruined people. Let the University be put upon a safe and respectable footing as soon as possible. The cause of education and the interests of the people demand it.

For the Sentinel.

THE NEW CONSTITUTION.

Sec. 6. Article 10, of that precious document, the present Constitution of North Carolina, reads as follows:

"SEC. 6. The real and personal property of any female in this State, acquired before marriage, and all property, real and personal, to which she may, after marriage, become in any manner entitled, shall be and remain the sole and separate estate and property of such female, and shall not be liable for any debts, obligations or engagements of her husband, and may be devised or bequeathed, and, with the written assent of her husband, conveyed by her as if she were unmarried."

On reading the foregoing one is led to inquire, what disposition is made by the same instrument of the husband's property. Not a word is said about it, and therefore the old law remains as to him.

A man marries a woman, she dies and her whole estate goes to her brothers and sisters. He dies and she takes dower in his land, a year's allowance and one half of his personal property.

Suppose on the marriage she be in debt, the husband by law is bound to pay her debts as well as his own, out of his estate, leaving her estate whole.

I think that the Constitution has certainly made the madam master of the situation. When we add to the foregoing the decision of the Supreme Court, that she may whip him as often as she pleases if she can, without any legal redress for him, it looks equally for feeble men.

The fact is Mr. Editor, matters have under Holdenism been turned somewhat inside out, upside down and wrong end foremost in North Carolina.

Query? Is she not entitled to both dower and her husband's homestead if he has one? And if so, is not some creditor's widow likely to be a little needy.

BERTIE.

For the Sentinel.

Editor of Sentinel:—SIR—I am in no degree surprised to see in the SENTINEL, so many writers on the subject of calling a Convention to take us back, as it were, to make progress by a retrograde movement. I have no doubt that more than two-thirds of the people of our much oppressed old state, would rejoice to go back to the good old constitution and laws under which we lived so happily, before the late disastrous conflict reduced us to our present condition.

A much lamented friend once gave me an account of an interview with the wise and good Judge Kent, who remarked, "I have examined the constitutions and laws of nearly the whole civilized world, and have come to the conclusion, that you people of North Carolina have the best constitution and laws, the best administration of laws and are the most law abiding of any people on earth." Let us go back then to where we came from.

Now as North Carolina is extremely impoverished by the present system, and can, with difficulty, bear any further strain on her exhausted Treasury, I propose that some method be adopted to ascertain whether a sufficient number of good, sound men can't be found to meet in Convention, abolish the present and restore the old Constitution, so modified as to suit the present status of the colored race, with whatever of the present that may be of value, to incorporate into it, at no other charge than will defray board and necessary travelling expenses. I have no experience as a law maker; in fact, the greater part of my life has been spent more in the efforts to obey, than to make rules of government; but if I can do anything to assist in so good a work, I am more than willing to accept the terms stated in this communication. It seems to me, it would not require more than a week or ten days to accomplish the work, and surely there can be found two men in each county who are willing to make so small a sacrifice of time for so great an end. Speaking of the plan to one of my neighbors, he very shrewdly remarked, "yes you can do that and make money every day."

What say you to making a call on each county, to respond to this or some better proposition? Of course, the hotel keepers would accommodate on the most liberal terms. If this crude suggestion be considered worth a place in the columns of the SENTINEL, you may publish over

THE CODE AND THE CODE COMMISSIONERS.

If there ever was a nuisance offending the public nostril, that infernal Code and Commission are one. When they are swept away, I shall feel more relieved than by the removal of an over tight boot or a straight jacket. The whole thing stinks. A piece of spoiled goose or a rotten herring is not more offensive.

The journals show that a bill was passed by both houses at the last session, repealing and abolishing that detestable trio the Code Commission. The bill *got lost* in the House. It passed the Senate; it then went to the House and there passed finally but *got lost* before the Speakers signed it. Does any one doubt how the bill went? And are not the members of the Code Commission bound to refund every dollar they have received since the passage of the bill. I call on the approaching Legislature to see that they pay back the money thus wrongfully received. A pretty Code Commission they are to ignore an act of the Legislature and go on taking the people's money. The effrontery of some two legged animals, caps the climax or as the negro says, "tuns the hoodle."

A CONVENTION.

Our jails are full of criminals. There are probably one thousand men now in jail in North Carolina. Several poor devils have died in jail this summer in my county.—All of this is from Holden radicalism. These negroes are arrested on criminal charges and under Radical law administered by Radical officials they cannot give bail, because their bondsmen must be worth fifteen hundred dollars and enough beyond to pay the bail-bond. They could give adequate security but no one will sign who is worth the above sum, and the result is, that the poor devils are dying in jail like sheep with the rot, and their Radical friends are outside the jail, having a gay time, "*developing the resources of the State.*"

Go ahead negroes with your radicalism. You will see what fools you are after a while.

BERTIE.

COMPROMISED.—We understand that the suit against John W. Thomas, instituted by Hampton and March for perjury, which was removed from Guilford Court to Rockingham, was compromised last week on the payment of $7,000 by Thomas to the prosecutors.—*Winston Sentinel.*

A very interesting revival of religion is now in progress in the Methodist Church at Salisbury, under the ministration of Rev. Mr. Burkhead.

DIED,

At Richmond Hill, in Yadkin county, on the 24th ult., LAURA GERRER, youngest daughter of Hon. R. M. Pearson, in the 24th year of her age.

The foregoing announcement in its simple brevity, indicates merely to the ordinary eye, an addition to the records of mortality, as daily and hourly conveyed to us through the medium of the public prints, with such frequency as to leave scarcely the passing impress of a serious reflection; but to the hearts of many to whom the subject of this notice was especially endeared, the intelligence is fraught with a painful interest. A few short weeks since she returned to her home from a visit to friends in the far South, in the enjoyment of perfect health and a radiancy of spirit inseparable from it, and yet peculiarly her own; the centre of the brightest hopes and fondest expectations; the idol of numerous relatives and friends; the light and joy of the, now saddened and darkened, household, from which she has passed forever in the prime of her youthful promise. Possessing a mind of no common order, which was strengthened and improved by travel, reading and the exercise of fine powers of observation; a disposition and temperament in which decision of character was blended with the utmost gentleness and amiability; and a heart that was susceptible of, and ever tenderly alive to emotions of a pure and exalted friendship—these traits, so admirable in themselves, we found in combination with great personal beauty, and a fascination of manner which few within the power of her influence found it possible to resist, justly entitled the deceased to that place in the esteem and affection of her friends, which she ever occupied, and point with mournful emphasis to the aching void in the hearts and homes of those, whom her presence was wont to brighten and to cheer.

During the whole of a long, and painful illness of eight weeks duration, in the midst of the most intense suffering, her spirit evinced the utmost fortitude, composure and Christian resignation, and on the ev. ning of the 24 h of September she gently "fell asleep," and was "gathered to her fathers in the communion of the Catholic Church; in the confidence of a certain faith, in the comfort of a reasonable, religious and holy hope; in favor with God, and in perfect charity with the world."

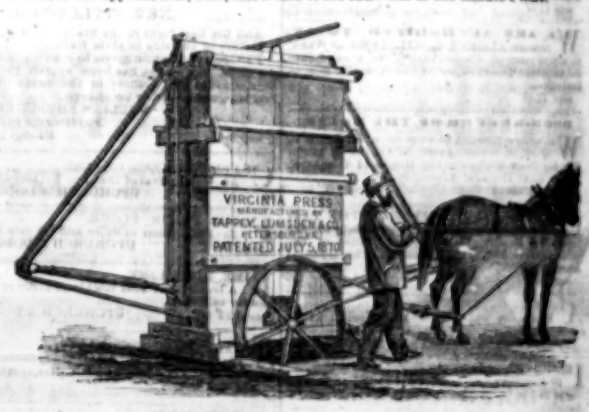
PETERSBURG, VA.,

OWNERS AND MANUFACTURERS OF THE UNRIVALLED

Virginia Cotton and Hay Press.

PATENTED JULY 5th, 1870.

THIS PRESS IS SO CONSTRUCTED, AND OF SUCH IMMENSE POWER, THAT WITH A Lever, one man can press a bale of Cotton, weighing from 450 to 500 pounds, or a horse can be hitched to the opposite side, and press a bale of the same size in one minute's time.



The above Presses are now offered by us to the public, with the conviction that they must supercede all other kinds of Cotton and Hay Presses; and are so simple, being a combination of the Lever, Windlass and Toggle Joint, that every person can understand it at first sight. We manufacture the BEASLEY PRESS, patented September 21st, 1869, but would recommend the VIRGINIA PRESS as far superior in every respect.

PRICE, (ON CARS HERE) $100

We also furnish our Celebrated HORSE POWER GEARING, with which two horses can do the work of four with the ordinary powers, at the reduced price of $55.00

MAYOR'S COURT, Sept. 29th.—David Clarke, arrested for sleeping on the porch of B. F. Moore's residence after being repeatedly warned by the Police to seek lodgings elsewhere. Fined $5.

Quent Bryant, charged with being drunk and creating a disturbance in the neighborhood, also with resisting the Police in the discharge of their duties. This case was not disposed of but continued for some reason unknown to us.

PEACE INSTITUTE.—We are glad to learn that the stockholders of the Peace Institute have gone to work earnestly to finish the buildings, with a view to opening a female school of high grade there, at an early day.

The corporaters have sold new stock of the Company to the amount of $10,000, which will enable them to complete the buildings that were left in an unfinished condition by the breaking out of the war, the work on which has been in progress for some time, and will be completed, at latest, in time for opening of the first session next Spring.

The friends of this enterprise have had many difficulties to contend against, and we are glad that now the principal obstacles in their way have been removed and success is about to crown their efforts. The School will be under the control of the Presbyterian denomination, and its organization will form an important epoch in the history and progress of female education in the State.

MODEL CORRESPONDENTS.—The limits of the SENTINEL will not admit of long articles, whether editorial, communicated or selected. We have sinned in this respect ourselves editorially, and we are anxious to reform. Our readers complain of long articles on any subject they demand more variety. No article now-a-days, is read generally, that is more than a half column. We beg of our correspondents to assist us in this regard. Take but one topic in each article, condense rightly your thoughts upon it, and make it striking and lively.—We especially commend to the attention of our correspondents, the articles of "Bertie," "W." and "a citizen of Orange," in the present issue, as good specimens of readable articles.

ANOTHER SPECIAL PREMIUM.

President of the State Agricultural Fair:

Raleigh, N. C.

SIR:—We offer as a special premium at your next Fair, one ton of phosphate fish guano, manufactured by the Norfolk Oil and Guano Company. Half a ton to be awarded to the producer of the largest amount of cotton on one acre, half a ton to the largest yield of wheat on one acre.—This guano will be forwarded and placed at the disposal of the awarding committees.

Respectfully,
COWAND & HARRISS,
Gen'l Agt's for N. O. & Guano Co.

TAKEN UP.—A mare belonging to Geo. T. Cooke, Esq. was captured running at large on the streets by the police. As it was made clear that the animal was at large, in consequence of no fault of the owner, the usual fine was not imposed.

NORTH CAROLINA IRON.—Brother Mills, of the *Biblical Recorder*, who has just returned from a trip to the Western part of the State, has shown us a sample of pig iron from the iron mine, now in successful operation at Iron Station in Lincoln county. It appears to be of excellent quality.

The subject of an additional Market House is agitated in Wilmington. Do they intend to issue city bonds to pay for it, and put a fine theatre in the upper story? If so they had better send an agent to Raleigh to gather information as to the proper manner of carrying it out.

The Newbern *Times* favors L. J. Moore for the State Senate, to fill the vacancy occasioned by the appointment of Col. Clarke to the Superior Court bench. Isn't our whilom friend George to get nothing for turning his coat so inopportunely?

SPEAKER OF THE HOUSE.—The Rutherford *Vindicator* suggests Col. L. M. McAfee for the Speakership of the House of Commons.

Mr. R. McMillan has been appointed Sheriff of Robeson County, in the place of B. A. Howell, who failed to give his bond. He is a Conservative.

The house of G. Z. French of Wilmington, was entered on Tuesday night and robbed of money and other articles.

The Tarboro fire companies turned out on Saturday night last, on the appearance of the aurora borealis, with their usual promptitude.

THE OLD DOMINION FIRE INSURANCE CO., OF RICHMOND, Va.

Having taken the General Agency of the State for the above Company, we are prepared to write risks to all parts of the State upon Dwellings, Barns, Factories, Gin houses and other property, at reasonable rates. CLOSE OF THE WAR IN NORTH CAROLINA.—The Grant-Holden-Kirk war in this State has nearly closed. All the Companies of U. S. artillery sent here by Grant under the false presentations of Holden-Pool and Settle, left yesterday morning on their return to Fortress Monroe. Only one Company of U. S. Infantry remain. All of Holden's State troops are gone also, except a few negroes at the arsenal, Burgin who is in jail, and Kirk, who is in the Marshal's custody.

Some of the melish that were disbanded have arrived at their homes in Tennessee and other places, the remainder are in the different jails of the State.

Yesterday the Quartermaster's stores of Holden's army were sold in this city at public auction. The horses which cost in the aggregate, $2,800, sold for $1,820; the other things, we learn, came in cheap, being their value, considering the manner in which they were abused during the campaign.

We are at a loss to account for the Governor's thus winding up his campaign while Alamance and Caswell are yet in a state of insurrection. Aint he afraid?

LOOKING FOR LAND.—We learn that quite a number of gentlemen from the North are and have been for several days past, in the city, in communication with the officers of the N. C. Land Office, with a view to purchasing farms in the State. Several trades have already been made with Pennsylvanians, and others will likely be consummated at an early day. Nothing now seems to operate more discouragingly to immigration to this State, than the excessive fares and freights charged on our Railroads. We hope and believe our Railroad corporation will see the advantage and necessity of inaugurating immediately a reform in this matter.

LOOK AT THE RUINS!—Aye, look at the ruins of what once were magnificent sets of teeth, to be seen everywhere in society.—Look at them, and ask yourself if it is not marvellous that such destruction is permitted, when, by simply using SOZODONT, *any teeth, however fragile*, may be preserved from decay or blemish as long as life lasts!

ALL ABOUT.—Holden, Kirk, Ashley Littlefield and Burgin, were all about lively and frisky, on Monday. Kirk was about Renfrow's, where he is boarding; Holden and Ashley were about "that old hole," or skunk's nest, the *Standard* office; Littlefield was about London, trying to sell North Carolina and Florida bonds, and Burgin was just about where all the rest of them ought to be—in Raleigh jail.

Col. J. K. Kelly of Oregon, Democrat, has been elected U. S. Senator in place of Judge Williams, Rep. from Oregon for six years from the 4th of March next.

The store of Mr. J. M. Morrisett, in Scotland Neck, Halifax county, was destroyed by fire on last Saturday, together with a stock of new goods just opened; thought to be the work of an incendiary. Loss about $1,000; no insurance.

Ex. Conigland, Esq., of Halifax, who has for some time been sojourning at the Virginia Springs for the recuperation of his health, has returned to his home and resumed his professional duties.

FUNERAL OBSEQUIES.—The remains of the late Admiral Farragut will arrive by the Guerriere in New York, to-day. The preparation for the funeral ceremonies are extensive and imposing.

The Rutherford County Bible Society has been reorganized by the election of officers and the appointment of the necessary committees.

A BIG BUSHER.—The Rutherford *Vindicator* says there is a big bear roaming the forests in that locality.

Col. T. J. Person is having a law office built in Weldon.

King William, Louis Napoleon and the French Republic—see Pink Hardie's last circular.

B. A. Howell, Sheriff elect of Robinson has failed to give his official bond.

The Wilmington Presbytery meets in Goldsboro' on to-morrow, Saturday, at 11 o'clock.

Skiff and Gaylord's minstrels are coming to Wilmington soon.

Rice birds have disappeared from the vicinity of Wilmington.

THE WILMINGTON JOURNAL.—This able and popular paper entered on its twentieth volume on Wednesday last. May it live to double its present age and then find itself only in the prime of life and usefulness.

We learn from the Greensboro' *Patriot* that Rev. N. H. D. Wilson is steadily recovering from his recent severe illness.

MINERAL WATER.—The Weldon *News* says, a gentleman near Gaston has discovered upon his place what seems to be an excellent quality of mineral water. He is having it analyzed.

A Baptist church in New Orleans was recently offered the benefit of a horse-race to cancel its debt. Declined.

GOV. VANCE.—Ex Governor Vance received the compliment of a serenade at the Planters' Hotel, Augusta, on Thursday evening. A large concourse of citizens collected, and the Governor was called upon to speak, which he did in his finest style.

THE METHODIST CONFERENCES.—It is announced that Bishop Pierce will preside over the following conferences of the Methodist Episcopal Church South: Virginia, to be held in Lynchburg, beginning on November 9th; North Carolina, Greensboro', November 23d; South Carolina, Charleston, December 7th; Baltimore Conference Salem, March 8th, 1871.

FREAK OF NATURE.—We understood that a woman on Craven street gave birth, yesterday, to twins, which, though dead, had each a complete set of teeth. We forbear further comment on this freak of nature until we hear from Wilmington and Raleigh. It can be beaten in those places, of course!—*Newbern Journal of Commerce.*

TELEGRAPHIC.

Friday Evening Dispatches.

SAN FRANCISCO, Sept. 30.—The volcano near San Rafail Valley, dormant for two years is violently emptying smoking ashes and cinders. Telegrams from San Diego say that it is partly visible from there. The whole southern horizon last night was dark with smoke.

OHIO.

CINCINNATI, Sept. 30.—There were 10,000 visitors at the Fair yesterday. The exposition was the finest ever in the West.

NEW YORK.

NEW YORK, Sept. 30.—The German steamer Frankfort, got safely to sea. No French privateers are visible.

VIRGINIA.

RICHMOND, VA., Sept. 30.—Superintendent Kates of the Western Union Line, telegraphs this morning, that a number of buildings at Lynchburg have been swept away, and that both the town and Water works are submerged.—Reports from the country above, have not reached the city at one o'clock.

The new iron bridge of the Southside Road was carried away this morning.

The highest freshet ever known here, is prevailing at Lynchburg. The passenger bridge across the James River, a quarter of a mile long, has been washed away, the depot of the O. & A. & M. R. R. and Va. & Tenn. R. R. are submerged. The Canal is submerged, and the boats are going about over the low path and through the lower streets of the city. The water washed up the main gas pipe and at 11 o'clock last night Lynchburg was said only thrown into total darkness. A large number of employees on the Southside R. R. are cut off on an island below the city.

The freshet will reach Richmond about 2 o'clock, and the river here has already risen a foot. Merchants are busy in the lower portions of the city removing their goods to stores. The telegraph lines are down in all directions.

MISSISSIPPI.

FOREIGN.

BERLIN, Sept. 30.—The popular appetite for conquest is increasing, but dispatches from army headquarters are pacific.

FLORENCE, Sept. 30.—Rome is threatened with an exclusion from the Plebiscite. The Pope has dismissed his Italian Guard of Honor. The National Guard will escort the King to Rome.

LONDON, Sept. 30.—A telegram just received from Tours, says that there is considerable insubordination in the French army. The officers appear to be unable to control the undisciplined soldiers. Severe conflicts continue to be made.

The Prussians have desisted from the westward march, and seem to be concentrating around Paris. The reported movement on Lyons is untrue. The French say that the Prussian loss since the commencement of the war and especially since the investment of Paris, are so enormous that the Germans will take care to conceal the fact.

There is no abatement in the Russian war preparations.

A telegram from Luxemburg says that Metz is very strong but it is not thought that it can hold out. French prisoners are working on the canal in Hanover.

Later advices from Paris say that the construction of barricades is rapidly progressing under the supervision of Rochefort and Gustave Flourens.

Mortiers have arrived with a new and dreadfully destructive engine. The invention has just been made and kept a secret.

The Tours Firemen are being enrolled.—Breach loaders are replacing inferior arms. Later advices from Paris say that a series of successful engagements have occurred. New breach loading cannon have been placed on the ramparts.

LYONS, Sept. 31.—The political excitement has entirely subsided. A few additional arrests of Ollesarets' adherents have been made.

ROUEN, Sept. 29.—Yesterday another Paris balloon landed. The messenger has gone forward with a multitude of letters for Tours.

The Supreme Court meets on the 31st of October in continuance of the last term which ends on the first Monday in December. The call docket will be resumed at case No. 204. An appeal from the Supreme Court of Illinois relating to admission to the bar of married women, comes up this term.

NEW YORK.

NEW YORK, Sept. 30.—Three Russians, very skillful counterfeiters, were captured while printing fifty cent scrip. Many thousand dollars of bogus scrip was captured.

VIRGINIA.

RICHMOND, Sept. 30.—The flood reached here at half past 12 o'clock, in a wave five feet high, and in twenty minutes the river rose six feet.—The greatest excitement in the lower part of the city. The people are engaged in removing goods from places accessible to the water. The Orange Hotel and the Orange and Alexandria Railroad bridges at Lynchburg, was swept away this morning. A telegram from Gordonsville, says that the Rivana river is flooding all the surrounding country. Houses, barrels of flour and cattle have been washing down the stream all the morning.

The water has risen here 10 feet since noon. This is the water from Rivana; that from Lynchburg will strike here about midnight. The water at Lynchburg is 25 feet higher than ever known before.

GORDONSVILLE, Sept. 30.—The accounts that come in from the flood are more and more disastrous. The Orange and Alexandria Rail Road bridge over Rockfish River, is reported swept away. The bridges over the Rivana River and Morris' creek on the Chesapeake and Ohio Rail Road are also gone. The bridges at Shirley's and Wells', are both floating down the Rivana with 400 barrels of flour floating around them. A working house completely furnished went by this afternoon.

The River is filled with the debris of furniture, barns, agricultural implements and crops. All the crops on the low grounds are a total loss. Telegraph lines to Lynchburg and the West are badly damaged. Vice President Wickham, of the Chesapeake and Ohio Railroad, is between Greenwood and Waynesboro, with two trains unable to recede or advance. Superintendent Vandegrift, of the O. & A. R. R., went to the break at Morris Creek with a train this P. M.

GEORGIA.

AUGUSTA, Sept. 30.—Preparations for the Agricultural Congress and for the annual Fair of Cotton and the State Fair Association are being rapidly completed. The city authorities are making arrangements on a grand scale for entertainment and reception of delegates to the Congress. Every State in the South will be represented by most prominent men. From present indications the display of live stock, machinery and agricultural productions promises to be the most extensive ever seen in the United States. Hotels and public buildings are already filled up to accommodate, comfortably, the vast numbers expected. Excursion tickets will be furnished from New York for fifty dollars and fifty cents for the round trip, and from Baltimore at half the usual rates.

ATLANTA, Sept. 30.—Freedman's election bill suspending the election until the 20th of December passed the House yesterday by a vote of 91 to 57. An effort to reconsider to-day failed by a vote of 67 to 60.

The galleries were crowded by operatives of the State Road, who were reported to have been armed. Chief Justice Brown of the Supreme Court, declares the bill to be unconstitutional and denounces it. It is thought that notwithstanding the provisions bill favor illegal voting, the Democrats will carry the State.

FOREIGN.

LONDON, Sept. 30.—The Prussians evacuated Rambouliet, seventeen miles southwest of Versailles.

Confidence is returning in Paris. It is vaguely asserted, that some positions occupied by the Prussians, have been recovered. The Prussians are continually coming nearer. They are erecting up works at Bagneux and at Meudon.

The *Times*, in a money article, says that a further reduction in the Bank rate may be expected. There was a Cabinet session to-day in regard to Foreign affairs. The journals says that the report will threaten the neutral and military frontier.

The Prussians occupied Dourdean, 18 miles south west of Versailles. It is reported also that they have reached Nevarnal and Grignerville in the department of Seine et Oise.

BRUSSELS Sept. 30.—The *Independance Belge* says that the telegrams dated Brussels, which were made public through the Lombard street News Room, London, are bogus and were never wired at Brussels.

ST PETERSBURG, Sept. 30.—The Official Journal declares that Russia has purchased a new iron clad from the United States and the concentration of forces on the Turkish frontier. Russia's policy is peace and justice.

MADRID, Sept 30.—Topete and others who opposed a call of the Cortes are very unpopular in Madrid.

VIENNA, Sept. 30.—The naturalization treaty with the United States has been signed by Austria.

AMSTERDAM Sept 30.—The Bank of Holland has reduced its rate to 4½ per cent.

CHELTENHAM, Sept. 30.—The greater part of the 87th Foot has returned. Equa troops are left in the North Sea and English Channel to protect the French coast.

TOURS Sept 30.—A great number of the Empress' private documents have been made public. Many noted private citizens who visited Paris in company with the Empress' confidants, the scoundrels, M. Duvernois, President of the Corps de Legislatif, is dismissed for complicity with the Emperor and Eugenie.

BELGIUM, Sept. 30.—The secret correspondence, regarding Mexico has been unearthed, implicating the Duc De Morny and others high in the Emperor's confidence, also, a letter from Prosigny to Napoleon, proving the existence of a black tribunal and a letter from the Queen of Holland after the battle of Sadowa, warning the Emperor against events now happening. Also her last still more scandalous is produced.

Later Paris advices state that Jules Simon has stopped pensions to those writers, who needed no assistance. The other retrenchments made by the Ministry, contemplate a saving to the amount of fifty millions.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6 5 0,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as in the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $3,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as in the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $51,031,341.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division; and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENTIN THE WORLD!!

No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT Costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON EXPLOSIVE!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1865.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where kerosene Oil is used.

P. F. PESCUD, JR.,

RALEIGH, N. C.

SUCCEEDS HIS FATHER IN THE AGENCY OF THE

NATIONAL LIFE INSURANCE CO., U. S. A.

For the Central and Northern Counties in
NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwar s of

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000,000 in about two years, speaks more for its wonderful popularity than any language at my command. Its rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is assured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet. Size Bale 4½ feet x36x28x50in; wt. Bale 400 to 550 lbs.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation for judgment of investment, economy of management, and skil and care in the selection of risks,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of the Policies, each and every year, and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.

Insurers, in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, considerably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of Mutual or Stock Companies, extending to policy holders, all their really desirable advantages. Its policies being non-forfeiting, the insured are privileged to live and travel where they please in any healthy part of the world, they participate in the profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a privilege which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Mr. Hillhouse, I have been connected in the very popular Company which I had the honor to represent in Stock rates alone, which most of the Mutual, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State, who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income for each through life, or for a series of years or period.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

P. F. PESCUD,
